EXPERIENCE

Papa Inc.   Senior Data Analyst – Remote   🗓 Nov 2021 – Jan 2024.   📍 Miami, FL

Data & Analytics – Early member of founding data team. POC for Product and App teams, though participated and lead transversal projects. Tasks included data development, management and democratization; development and reporting of OKR metrics; in-house data consulting as to guide and prioritize development of transversal projects; debugging app-versions and back-end updates via data; and solidification of a data-driven culture. Tech workflow based mainly on SQL scripting and automation (dbt, jinja, Snowflake, Fivetran, LookerML, Python, GitHub Actions) and dashboarding (Looker).

LATAM Airlines   Data Scientist – Remote   🗓 Nov 2020 – Feb 2021   📍 Santiago, Chile

Advanced Analytics – Member of specialized team leading transversal projects to optimize workflow, decisions and results through data. Technical workflow involved Python (scripting, modeling), BigQuery and git, alongside soft skills required for project alignment with commercial counterparts.

LATAM Cargo   Data Analyst – Onsite   🗓 Mar 2019 – Oct 2020   📍 Miami, FL

Revenue Management – Main duties involved revision of weekly results, dashboard development, implementation and use of GCP, and task automation via python/sql. Developed a fully automated competition tracker (web scrapping, data management, dashboarding and email automation) saving whole days off manual tasks and increasing scope from 3 main competitors to all trackable flights.

LATAM Airlines   Data Analyst – Onsite   🗓 Jan 2018 – Mar 2019   📍 Santiago, Chile

Revenue Management Best Practices – Lead team transition from a manual Excel/Microstrategy standard to an automated workflow based on use of R scripts, Cron jobs and GCP tools (primarily BigQuery). Coordinated, developed and automated multi-area reports and dashboards ranging from C-level to other analysts.

EDUCATION

Pontificia Universidad Católica de Chile   BBA(Econ)   🗓 Mar 2013 – Nov 2017   📍 Santiago, Chile

Faculty of Business and Economics

Pontifícia Universidade Católica do Rio de Janeiro   Exchange   🗓 Feb 2017 – Jul 2017   📍 RJ, Brazil

Faculty of Business and Economics.

The University of Hong Kong (HKU)   Exchange   🗓 Jul 2015 – Dec 2015   📍 HKSAR

Faculty of Business and Economics. Awarded *Banco Santander Scholarship for studies in China ($7500usd)*

SKILLS

Data Tools: SQL, Python, Looker, dbt (jinja), Fivetran, git (GitHub Actions), R, JS, sheets/excel.

Languages: English and Spanish as native languages. Fluent in Portuguese and French (reading and verbal skills Excellent, writing Good). Advanced German (reading, writing and verbal skills Good).

Other: Advanced instrumentalist of guitar and other strings. I enjoy being outdoors doing activities such as hiking, jogging, cycling, skating, yoga, gardening, climbing, sailing and diving. Sometimes I geek around with Code art.
